Posting of “in progress” FINAL GRADE

Aloha students and parent/guardian,

On May 4th, teachers will provide an update of the progress made towards final year/semester grades. Please check Infinite Campus for the “in progress” grade by logging in to your child’s account.

Final Grades are determined using the following guidelines:

- On March 13th, each year-long course utilized grades from quarters 1-3 to determine the final “in progress” grade for the course. Semester courses utilized grades from quarter 3.
- Students have an opportunity to improve the final grade until May 28th, however *the final grade will not be any lower than what was originally posted on April 7th and can only improve using evidence gathered from April 7th to May 28th.*
- The posting in Infinite Campus is a reflection of progress made from the beginning of the year through May 4th. Depending on the student’s quality of work completed up until the end of the year, the mid quarter grade may fluctuate from May 4th-28th.
- Final grades will be determined by academic performance and interventions provided through May 28th.

If you have any questions regarding your child’s in progress final grade, please do not hesitate to email your child’s teacher. If you need information regarding your child’s Infinite Campus account, please refer to our website for support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bernie Tyrell".

Bernie Tyrell, Principal
